WHAT WE DO

We lead dynamic, engaging, 4-week STEAM Academies – science, technology, engineering, arts, and mathematics summer enrichment – for rising fifth, sixth, seventh, and eighth graders. Our students learn, create, build, design, and grow together in small classes with caring teachers.

WHO WE ARE

We are Generation Teach. We create inclusive summer learning communities where students are taught, nurtured, advised, and inspired by college and high-school students from across the city and the country.
