Faithfulness to Charter

	2012 - 2013 Performance (Met/Not Met)	Evidence
Objective: KIPP Academy Boston will create an environment where the students of Lynn will develop the <i>academic skills, intellectual habits, and character traits</i> necessary to maximize their potential in high school, college, and the world beyond.		
Measure: At least 60 percent of the grade-level cohort will earn the end-of-year trip.	Met	As with other schools in the KIPP:MA network, KIPP Academy Boston (KAB) implements a paycheck system to incentivize academic performance and the display of character traits. Students needed to obtain a certain score in order to earn the end-of-year trip. 83% of students at KAB earned the end-of-year trip.
Objective: KIPP Academy Boston will provide more time for students to be engaged in their learning.		
Measure: The regular (non-summer) school day will be from 7:30 a.m. to 4:30 p.m. Monday through Thursday and 7:30 a.m. to 2:00 p.m. on Friday.	Met	KAB maintained this extended school day schedule throughout the year.
Objective: KIPP Academy Boston teachers will be recognized as professional educators committed to continuous learning and professional development.		
Measure: Teachers will be reviewed and evaluated semiannually.	Met	See attached for Coaching and Evaluation Assignments and KIPP Framework for Excellent Teaching (KFET), the criteria that all teachers are evaluated.
Measure: 100 percent of the faculty at KIPP Academy Lynn will participate in a minimum of 100 total hours of internal and external professional development.	Met	See attached for professional development schedules.
Measure: An annual staff retreat will be held to foster teamwork and school culture.	Met	See attached for "KSS Attendance JUL2012" for list of attendees of KIPP Summer Summit from KAB.
Objective: Students at KIPP Academy Boston will be consistently reminded and encouraged that they are on the path to college.		
Measure: Every student, at least once per year, will participate in a school-organized college visit.	Met	All students in good standing participated in at least one school-organized college visit during the 2012-2013SY. The colleges visited include: Curry College, Yale, Boston University, and Northeastern University.
Measure: At least once per year, every student will participate in a school-organized college preparatory high school visit.	Not Applicable	For the 2012-2013SY, KAB consisted only of the 5 th grade. When KAB adds grade 8, it will follow through on this initiative.

Charter School Performance Criteria Relating to Faithfulness to the Charter

Mission, Vision, and Educational Philosophy

KIPP Academy Boston (KAB) has adhered well to its mission, vision, and educational philosophy through the 2012-2013 school year. In terms of the development of academic skills, KAB used raw standardized test data along with comparative growth percentages, and qualitative observational data to ensure our students are where they need to be academically. The use of NWEA's Measures of Academic Progress interim tests throughout the year enabled administrators and teachers to make programmatic adjustments to enhance student performance.

In terms of intellectual habits, KAB provides a number of opportunities inside and out of the classroom to promote the love of learning and create intellectually stimulated minds. These opportunities include: after school electives, student advisory groups, community service, the use of computer aided learning platform such as Lexia and Kahn Academy as well as providing strong art, music, and technology classes.

KAB's paycheck systems support the development of intellectual habits as well as the character traits pride, self-awareness, bravery, zest, and grit. Additionally, deliberate lessons on these character traits are woven into daily classroom lessons throughout the school year.

Dissemination Efforts

As outline in KAB's original charter, KIPP Academy Boston is committed to sharing best practices with charter schools across the state, and most especially with the citizens of Boston.

KAB hosted many visitors in FY13, including representatives from other Massachusetts charter schools; other national, state, and local K-12 educators, professionals, and researchers; and staff from other KIPP schools and regions from around the country. In addition, KIPP hosted visits from numerous private donors, and corporate champions who absorb KIPP strategies and share with other education organizations with which they are involved.

Also in FY13, KAB was regularly visited by representatives from the KIPP Foundation, which captures best practices from such visits and shares with other KIPP schools and regions from around the national KIPP network.

KIPP regular participates in Massachusetts charter school list-serves and email groups to share both questions and best practices.

As part of the KIPP national network, KAB participates in "KIPP Share," a web-based knowledge management and knowledge-sharing system through which KIPP schools and regions from around the country disseminate locate knowledge on both educational and business operations aspects of their charter schools.

Academic Program Success

Capital Plan for FY14

In Boston during FY13, KIPP completed a purchase and sale agreement to acquire a 1.7 acre property on Blue Hill Avenue in Mattapan to house the future permanent home of KIPP Academy Boston's elementary and middle school grades. In FY14, KIPP will complete site planning, due diligence, architectural design, and public selection process for an owners project manager, architect, and general contractor, as well as secure and close financing for the facility. Construction will occur during late FY14 and FY15, with the school scheduled to open in FY16. Still in early planning phases, the project will be to build a new, three-story building of approximately 50,000 square feet and an estimated total cost (hard and soft cost) of \$20 million. Sources of funding will include loan debt, subordinated debt, new market tax credit equity, and some private fundraising equity. We do not currently have a capital project reserve account in place. In late FY13 and early FY14, KIPP also leased a new temporary facility for KIPP Academy Boston on Warren St in Lower Roxbury. The approximately \$400,000 in construction costs to build this space out for use as a school is included in the lease payments.

In Lynn during FY13, KIPP began seeking funds for a moderate (approximately \$300,000 cost) of additional build out in late FY14 of unfinished space in our High Rock facility to add three additional classrooms for use by middle and high school grades starting in FY15. We have also begun a real estate search for a facility to house elementary school grades if our recently submitted charter amendment for KIPP Academy Lynn is approved by DESE. The facility may either be a leased facility or another new construction project to be added to the capital plan. Cost, sources of financing, timeline, and other information has not be specified yet will likely follow a similar approach as our completed High Rock facility and planned Boston Mattapan facility.
