Agenda Item	Notes
Welcome + Introductions	<p>My name is Dana Gottlieb, I am the director of MLL for the KIPP region.</p> <p>My name is Sarah Andrade I am the MLL teacher for Kinder</p> <p>My name is Mayreliz Perez. I am the MLL coordinator for the region.</p> <p>The teacher downstairs who greeted</p> <p>We would like to get to know you a bit more. On this sheet of paper we would like for you to write your name, your children's name and the grade.</p>
What is the MLL Family Council	<p>It is a committee for the families who have children in the program. In this program it is important to have a voice and for families who have students in the program to voice out their experience.</p>
About the MLL program at KIPP MA	<p>We have a program at our school that goes through a screening process. When you did your registration you filled out a home language survey where you indicated a language other than english. Due to this, it caused us to do a phone screener and know more about the language the student speaks and to see if there is more support needed in school with the English language. The student takes a language test where the results will indicate if they will need to be in the program or not. If your student speaks more their native language it is more evident that they need english support services.</p> <p>Sarah: I work with K-4 mostly Kinder and work with 45min to</p>

	<p>an 1hr daily and support her with her English language in a group with other kids that need it. Another part of the curriculum is that we have teachers go into the classrooms and support them in their learning.</p> <p>Allen: I work with the students in 5-8. I work in the science classes and support them with their vocabulary.</p>
<p>Discuss topics that are important to families of MLLs</p>	<p>We would like to know what topics interest you for our next meeting. We will have another meeting in November and you may discuss them out loud or write them on your sheet of paper.</p>
<p>Wrap Up/Closing</p>	<p>Any questions that you have about the program please let us know.</p>
