

The KIPP Massachusetts 2022 Annual Report

Happy Holidays from our team and family to yours! I am excited to share our [2022 Annual Report](#) with you. On behalf of our students, staff, and families, thank you for supporting the life changing work that happens every day in our classrooms. I look forward to building on the progress we made this past year in 2023. The future continues to be bright, and with your support, we know our students will see and believe that there is [A Future Without Limits](#).

With Gratitude,

Nikki Barnes
Executive Director

[Congratulations to our KALC Panthers, who made it to the High School Super Bowl! The](#)

Panthers were one of the 10 teams that played at Gillette Stadium earlier this month!

In November, we welcomed The KIPP Foundation Board to our school buildings to visit with teachers, observe classrooms, and meet with some of our student ambassadors.

A Peak Into the Classroom: Project Based Learning

In October, 11th and 12th grade students in Allen Wang's Engineering Classes participated in Mass STEM Hub's STEM Week Challenge! The prompt invited students to pick a career in STEM and highlight it in order to attract residents of The Commonwealth to pursue a career in STEM! This week long event surrounding **Project Based Learning** led to 12th graders **Chidalu and Dieuson** to take home the statewide 1st place prize! Way to go Chidalu, Dieuson, Mr. Wang, and all of our STEM students!

Staff Feature

Paige O'Malley is a 2nd grade teacher at KIPP Academy Boston! She has been at KIPP for three years.

"There are so many things I love about teaching. I'm currently really enjoying teaching our ELA unit which is an author study of **Alma Flor Ada**. The kids have read many of her Fairy Tale books and now are pretending to be characters themselves. It has been awesome to see their creativity as they write letters to other characters in the story."
