

Beyond a K-12 Education

A FUTURE WITHOUT LIMITS

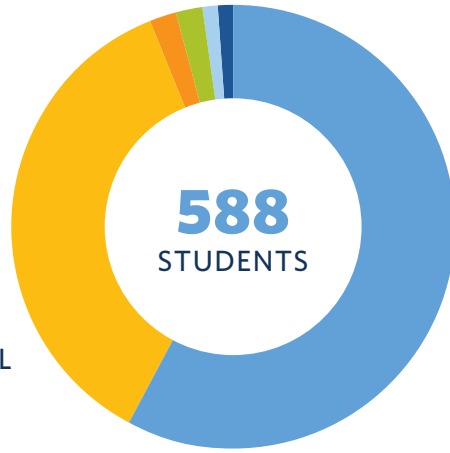

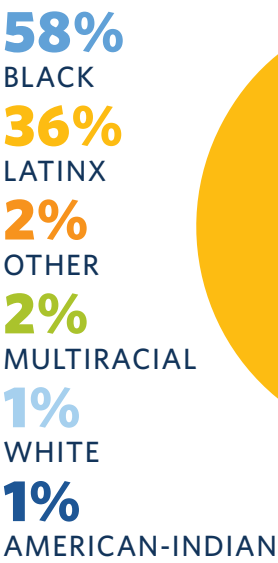

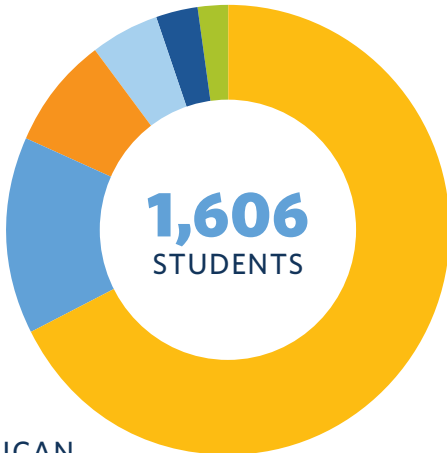

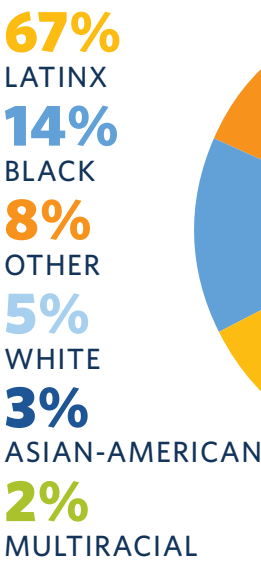

Who We Are at KIPP Massachusetts

KIPP Massachusetts Public Charter Schools is the **largest charter network in MA** with 2,200 students in two communities: Lynn and Boston. Our mission is to create joyful, academically excellent schools that prepare students with the skills and confidence to pursue the paths they choose—college, career, and beyond—so they can lead fulfilling lives and build a more just world.

THE KIPP DIFFERENCE: New Research Shows KIPP Public Schools are Closing the College Completion Gap

A new Mathematica study released in September, "Long-Term Impacts of KIPP Middle and High Schools on College Enrollment, Persistence, and Attainment" followed 2,066 students from ten regions, including students from KIPP Academy Lynn, who applied to join KIPP in 5th and 6th grade via an admissions lottery. These students graduated from high school in the classes of 2016, 2017, and 2019. The Mathematica study found that:

- Students who attended KIPP for both middle and high school were **nearly twice as likely to persist and graduate from a four-year college** as their peers who did not go to KIPP.
- Students were also **67% more likely to enroll in a four-year college** than those who did not go to KIPP.

”The impact of attending a KIPP middle and high school, extrapolated nationwide, would be large enough to nearly close the degree completion gap for Hispanic students or entirely close the degree-completion gap for Black students in the United States.”

We Have a Historic Track Record of Reversing the Odds for Our Students

RIGOROUS K-12 ACADEMIC EXPERIENCE

99-100%
OF OUR STUDENTS
GRADUATE HIGH SCHOOL
COMPARED TO 90% FOR THE STATE

Pre-pandemic, we were on our way to meeting and exceeding the State average on the MCAS, but similar to the state, we saw a decrease of about 20% in our 2022 MCAS scores.

The Spring 2023 MCAS outcomes confirm both that our students made meaningful progress last year and that we have continued work to do. We are seeing positive growth and recovery in math, our highschoolers are on track to graduate, and our performance in ELA 3-8 demands a deeper commitment to providing more robust programming in literacy to increase growth and achievement.

ONE WAY KIPP MA IS ACCELERATING LEARNING: HIGH DOSE INDIVIDUALIZED TUTORING

In the Spring of 2023, 30 2nd grade students participated in our 8 week tutoring pilot with Ignite, which provides 20 minutes of individualized high dose tutoring with a virtual academic coach. Of those thirty students, 100% demonstrated growth from their pre to post test, and 50% of those students demonstrated over a half year of growth in those short 8 weeks. Through the use of philanthropic funds, this school year we hope to provide reading and math tutoring services for over 300 K-8 students across Boston and Lynn.

Research shows that the slower progress documented by these test scores should be fixed with small-group tutoring. Tutoring in small groups has significantly greater effect on student test scores than changes in class size, longer school days, or summer-school-type program.

FULFILLED LIFE

We believe that a rigorous K-12 experience, paired with a powerful postsecondary support system, will mean our students are on a path to a fulfilled life.

A lot of the students in my class were low income, first generation students. We didn't have a lot of knowledge about how to get to college but we knew that's what we wanted to do to live a better life. The KIPP Forward team helped us realize those dreams."

— Haja Ba, Class of 2020, Rising Senior at Babson College

86%

OF FAMILIES STRONGLY AGREE THAT STUDENTS AND FAMILIES HAVE A VOICE AND INPUT ON SCHOOL DECISIONS.

“KIPP MA inspires every child by creating a future without limits. Co-authoring is a huge component of our community working alongside parents and families, giving us various opportunities to become actively engaged in children’s educational experience to best support them. The teachers are very dedicated in working with all students to reach their full potential.”

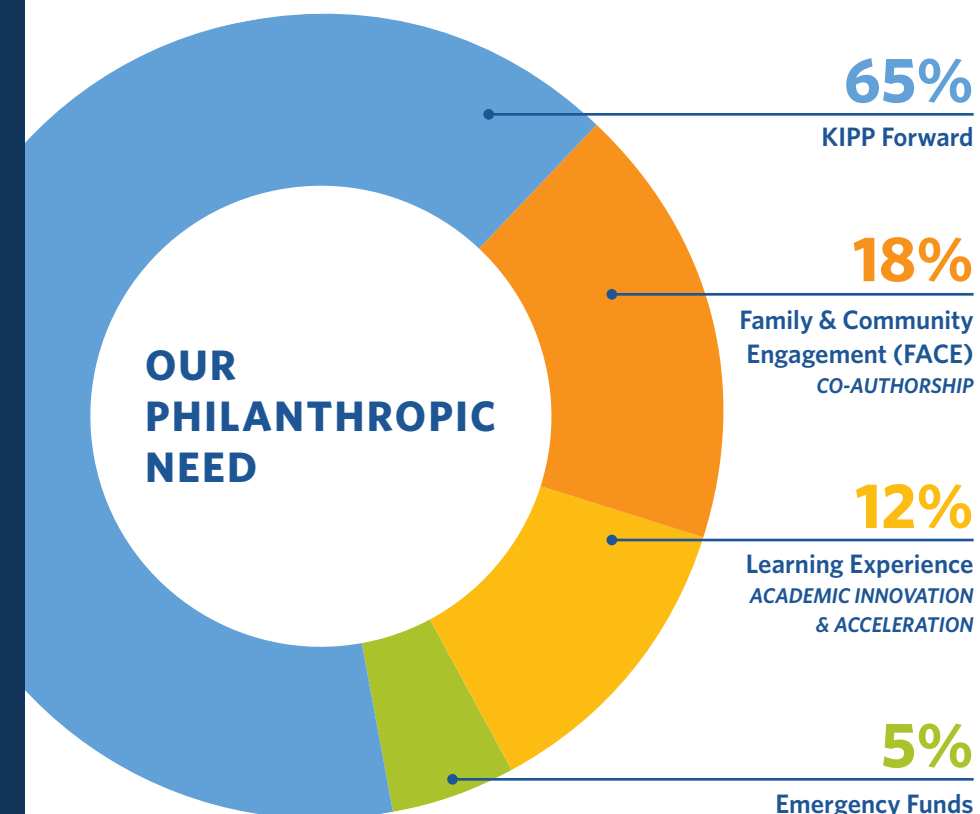

— Ashley Montgomery, KIPP Academy Boston K-8 Parent

Every Philanthropic Dollar Donated to KIPP is Multiplied 20X by Public Dollars

We use **public dollars** to provide an excellent education to our students from kindergarten through twelfth grade.

We use **philanthropic dollars** to support the following programs that go above and beyond a K-12 education:

- Our KIPP Forward team ensures our students find and stay on a path to a fulfilled life where they can return to their communities, become leaders, and make a difference.
- Our Family and Community Engagement works to create powerful partnerships with families and our community through our co-authorship model.
- Our Teaching and Learning team provides innovative, research based, academic experiences so our students can thrive in the classroom. This includes accelerating learning from the pandemic through high dose individualized tutoring during the school day.

THE IMPACT OF YOUR GIFT:

2,220 KIPP STUDENTS • 1,300 KIPP ALUMNI • 100+ ADULT EDUCATION

3,600+ IMPACTED

Your donation to KIPP Massachusetts provides the above-and-beyond programming and supports that are central to our students’ success to pursue the paths they choose — college, career, and beyond — so they can lead fulfilling lives and build a more just world.
